**General Comments**

There is work in the field today (Saturday), but no inspection by me today.

**INSPECTOR OT REMARK:**

Office 8 hours OT: I am in the office working on cable band bolt replacement issues (CCO 291). The field work was completed earlier this week, but there is still documentation required for the achieved tensions in the replacement cable band bolts at the 5 cable bands. I also work on a presentation on the cable band bolts for a Peer Review Meeting scheduled for next week.
